Description of the Event

This is a non-sanctioned, fun event for everyone. The intent is to simulate a real hunt test day. Both levels will have judges to explain scenarios and give advice. This will be an excellent opportunity to run your dog on a realistic hunt test set up (marshals, judges, gunners, etc). You will have the opportunity to ask the judges for advice, and to learn about the many jobs that need to be done in the process of running such an event. There will be land and water setups for each level. You will be allowed to use an electric collar (within reason!).

This is a great introduction to the bustle of an event for young dogs.

Remember a chair, a hat, and sunscreen plus water for your dog.

It's a great day for getting out with your dog and talking to other members.

Please respect our grounds and leave it as clean as you found it by removing your garbage.

Brief description as to your dog's level of training/qualifications:

In addition to running your dog, this is an opportunity to learn about the many volunteer positions required to facilitate a Hunt Test. Please volunteer to help us with the following jobs: Gunners/throwers, marshals, equipment set-up, judging. If you don't know what to do, we will show you how!
