Description of the Event:

This is a non-sanctioned, fun event for everyone. The intent is to simulate a real hunt test day. Judges will explain scenarios and give advice. This will be an excellent opportunity to run your dog on a realistic hunt test set up (marshals, judges, gunners, etc). You will have the opportunity to ask the judges for advice, and to learn about the many jobs that need to be done in the process of running such an event. There will be land and water setups. You will be allowed to use an electric collar (within reason!). This is a great introduction to the bustle of an event for young dogs.

Remember a chair, a hat, and sunscreen plus water for your dog. Also keep in mind rain gear!

It's a great day for getting out with your dog and talking to other members.

As with all of our events it takes a great deal of work to put on a picnic trial. Handlers will be expected to volunteer to throw at the gunning stations. **There are no dedicated gunners for this event.** Willingness to help gun should be indicated on the registration form. No previous experience required.

Please respect our grounds and leave it as clean as you found it by removing your garbage.
